

## DMITRIY'S DENTAL STUDIOS

*Dmitriy's Dental Studios aims to make their clients smile—one “masterpiece” at a time. As a leading dental laboratory, Dmitriy's places the highest priority on public opinion to produce nothing less than perfection for clients. Here, Cereza Ann Marks, director of marketing, shares with bask what elevates their practice in the industry.*

**How is Dmitriy's Dental Studios redefining the field of cosmetic dentistry and what it can be?**

Dmitriy's Dental Studios is the number-one leader in the dental laboratory industry. We take our role very seriously and continuously work on improving our systems, training, and materials. What sets Dmitriy's Dental Studios apart from other laboratories is that we reach out to the public and ask their opinion on what can be improved from clinical and technical standpoints to improve their smile. Having the public's opinion helps us as a laboratory team to strive and achieve the highest expectations in the public's point of view, which is cosmetic restoration.

**What unique client experience do you provide?**

The patient always comes first; as a service industry this is a must. We make it a point to provide a welcoming and comfortable environment while patients undergo a massive cosmetic restoration.

Dmitriy's Dental Studios is privileged to be an artisan in the world of dentistry. As we continue to grow, we aim to maintain honesty, integrity and humility at the forefront of our operations. We embrace the changing times and challenges that await our laboratory in the 21st century. We are a team of dental laboratory professionals dedicated to consistently providing the highest quality products and services. We want our patients to become part of this new and innovative dental experience.

**How does your practice make perfect?**

Dmitriy's constant support and dedication while guiding his technical team and working with each individual case until the completed design has been delivered. We opened our doors in 1999, and since then, it has been our striving goal to maintain diligent perfection. Our entire team stands by their creations, so we say with pure driven determination: we are the best at our craft. Serving our clients is the highest priority.

**When it comes to success, it's about industry and influence. What or who influences you to do your best work?**

As a Master Dental Technician, Dmitriy, alongside his highly skilled team of visionaries, is able to take on the most difficult cases and deliver results. This is an art in which we don't fall short, which puts us ahead in the dental arena. When most of our industry hears the word challenge, what we hear is an amazing opportunity to show our brilliance. We are determined as a laboratory to achieve on all levels.

**What makes you smile?**

Success! And the sheer fact that we have, once again, satisfied another patient. Time and time again we have risen to the occasion and delivered yet another masterpiece.

Dmitriy Tarverdoff
